

### **Is it too late to register?**

Registration will remain open throughout the season. If rosters are full new registrants will be placed on a wait list in the order received. As roster positions open up new players will be added. Wait list players may also be contacted to fill in on a game-by-game need.

### **What about traveling tournament teams?**

Many players want to play at an even higher level of competition and thus seek age-specific teams for weekend tournaments. Another goal of Charlotte Senior Sports and the league will be to have enough players from which age specific tournament teams (e.g. 55's, 60's, 65's) can be formed for competition in traditional senior tournaments as well as the North Carolina Senior Games.

### **How does the Charlotte Senior Sports Softball League mesh with the Lake Norman Senior Softball League?**

The Charlotte Senior Sports Softball League is intended to complement the similar effort being undertaken in the Lake Norman area. The CSS Softball League will provide men with a playing opportunity that may be geographically and/or calendar-wise more convenient.

### **Will the Charlotte Senior Sports teams play the Lake Norman Senior League teams?**

Because of the way teams are formed, it is possible, but not very likely, that an entire Charlotte Senior Sports team would also play as a team in the Lake Norman Senior Softball League. Individual players, however, can participate in both leagues. Also, practice games may be scheduled between teams in both leagues.
